T95-IP

The *Insect-a-clear* T95-IP has been designed to offer effective insect control in damp and high humidity areas or where frequent cleaning operations causes splashing. The T95-IP conforms to the waterproof rating IPX5 and, after switching the power off, can be hosed down using a low pressure hose. The Model T95-IP can be wall mounted, suspended or free standing and is particularly suited to areas where ceiling height or wall space is restricted. It has been tested and approved to the latest British and European standards. An important feature is the all steel case which, unlike most plastics, will not degrade with the effect of UV light.

Please look at the impressive list of features incorporated on the [*Insect-a-clear* T95-IP](#):

STAINLESS STEEL CONSTRUCTION.

WATERPROOF RATING OF IPX5

Universal design - can be suspended, wall mounted or free standing.

A large catchment tray for easy and hygienic disposal of the dead insects.

Easy servicing, just remove 4 screws for access to the tube, grid and starter.

Plastic has been avoided in the main construction as this can seriously degrade with the effects of ultra violet light.

Only high quality high output UV tubes are used. Shatter resistant tubes can be fitted.

Fitted with 2, 20 watt x 24" **QUANTUM** tubes.

Conforms to BS EN 60335-2-59 and the European EMC directive.

Full 2 year guarantee (except tube(s)).

Order Codes

F95IBS	T95-40W in stainless
F95ISS	T95-40W in stainless with shatter resistant tubes

Specification

Protected area	Up to 120 sq. metres
Voltage	230v a.c
Total wattage	75
Waterproof rating	IPX5
Blacklight tubes	2 off 20 watt x 24" QUANTUM
Height	275 mm
Width	650 mm
Depth	145 mm
Weight	6.5 kilo
Finish	Stainless steel
Construction	304 stainless steel
Approvals	BSEN 60335-2-59
Guarantee	2 years (except tube)

Packing details

Height	28.5 cm
Width	72 cm
Depth	15 cm
Weight	7.5 kilo
